DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

The transitional phrase "characterized by comprising" in line 1 of claim 1 is not a recognized transitional phrase. It is suggested that this phrase be replaced with -- comprising – in order to overcome this objection to the claim.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Information Disclosure Statement

2. The foreign reference cited on PTO/SB/08a but not considered, was not considered because no copy of the reference was provided.

Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest the use of a porous carbon powder containing mineral components in the claimed friction material in combination with the other limitations set forth in claim 1.
